

TIE 535 Designing Active Learning Environments with Technology TPACK Assignment

Assignment:

Think about what you've learned about the TPACK Framework. Choose one “venn diagram” on the Google Doc linked below. Fill in the missing component (marked with a ?) and give an idea of a lesson that can be taught incorporating all 3 components. While you may choose to do a venn diagram that is the same as one of your classmates do not repeat the overall lesson idea. Feel free to add in suggestions to your classmates' lessons by clicking on the “comments” feature within Google Docs.
